PROFESSIONAL SUMMARY

Aspiring MERN Stack Developer with practical experience in building full-stack applications using MongoDB, Express.js, React.js, and Node.js. Proficient in crafting RESTful APIs, secure authentication systems, and responsive UIs using Tailwind CSS. Passionate about clean code, scalable systems, and real-world problem-solving. Seeking to join a dynamic tech team to contribute meaningfully and grow as a full-stack engineer.

EDUCATION

Masai

Full Stack Web Development.

Present

Dr. Babasaheb Ambedkar Marathwada University in Aurangabad, Maharashtra

Bachelor of Science

Nov 2024

SKILLS

Technical Skills: Typrscript, HTML, CSS3, JavaScript, React, Next.js, Tailwind CSS, Responsive Web Design, Redux, RESTful APIs, Git, Node.js, Express.js, MongoDB

Soft Skills: Soft Skills: Teamwork, Communication, Adaptability, Problem Solving, Problem Solving, Teamwork, Adaptability

EXPERIENCE

K L Memorial High School | *Assistant Head Teacher*

Jun 2020 - May 2024

- Oversaw curriculum implementation and provided classroom instruction as a substitute teacher
- Managed daily school operations and maintained accurate financial documentation
- Organized and executed school events, ensuring seamless logistics and timely delivery
- Supported teaching staff with curriculum planning and administrative coordination

PROJECTS

Expense Tracker | *React, Node.js, Express.js, ExcelJS, Cloudinary, Context, MongoDB*

- 🚀 Deployed Link : <https://expense-tracker-mern-jet.vercel.app>
- 📁 Github Repo : https://github.com/NEELSAMELL369/Expense_Tracker_MERN.git
- Developed a full-stack expense tracker application using React for the frontend and Node.js with Express.js for the backend.
- Implemented secure user authentication with JWT and bcrypt, enabling registration, login, and logout functionalities.
- Integrated Cloudinary for avatar image uploads during user registration.
- Managed data storage and retrieval with MongoDB and Mongoose, supporting income and expense tracking.
- Enabled exporting of income and expense data to Excel files using ExcelJS, and provided a dashboard for financial overviews.

Task Manager | *React, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose*

- 🚀 Deployed Link : <https://task-manager-mern-flame.vercel.app>
- 📁 Github Repo : https://github.com/NEELSAMELL369/Task_Manager_MERN.git
- Developed a full-stack Task Manager application using React, Node.js, Express.js, and MongoDB.
- Implemented user authentication features including registration, login, and logout with JWT and bcrypt.
- Designed and built responsive user interfaces with React and Tailwind CSS for seamless task management.
- Created RESTful APIs for task operations and integrated middleware-based authorization for secure access.
- Enabled task search and filtering functionalities to improve user experience and efficiency.
