🔗 NEELSAMEL23

Professional Summary

Aspiring MERN Stack Developer with practical experience in building full-stack applications using MongoDB, Express.js, React.js, and Node.js. Proficient in crafting RESTful APIs, secure authentication systems, and responsive UIs using Tailwind CSS. Passionate about clean code, scalable systems, and real-world problem-solving. Seeking to join a dynamic tech team to contribute meaningfully and grow as a full-stack engineer.

Education

Masai

Full Stack Web Development.

Jun 2024 – Present

Dr. Babasaheb Ambedkar Marathwada University in Aurangabad, Maharashtra

Bachelor of Science

Jun 2020 – Nov 2024

Experience

K L Memorial High School

Assistant Head Teacher

Jun 2020 – May 2024

- Oversaw curriculum implementation and provided classroom instruction as a substitute teacher
- Managed daily school operations and maintained accurate financial documentation
- Organized and executed school events, ensuring seamless logistics and timely delivery
- Supported teaching staff with curriculum planning and administrative coordination

Projects

Search My Movie | *HTML5, Tailwind CSS, Firebase Realtime Database*

- 🚀 **Deployed Link** : https://neelsamel23.github.io/Movies_Gallery/
- 📁 **Github Repo** : https://github.com/NEELSAMEL23/Movies_Gallery
- Developed a Movies Gallery web application with dynamic filtering, sorting, and search features using HTML5 and JavaScript.
- Implemented real-time movie data rendering by integrating Firebase Realtime Database and local JSON sources.
- Designed a responsive card-based layout with Tailwind CSS for optimal viewing across devices.
- Added pagination and 'view more' toggles to enhance user navigation and display additional movie details.

Task Manager App | *React, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose*

- 🚀 **Deployed Link** : <https://task-manager-dusky-nine.vercel.app/>
- 📁 **Github Repo** : https://github.com/NEELSAMEL23/Task_Manager
- Contributed to building a full-stack task management application using React, Node.js, Express.js, and MongoDB.
- Implemented secure JWT authentication, profile management, and role-based dashboard access for admin and users.
- Developed task CRUD features with support for subtasks, status updates, priorities, and due dates.
- Integrated file upload functionality using Multer and generated real-time dashboard charts with Recharts.
- Assisted in designing RESTful APIs and modular controllers to enable multi-user task assignment and report export.

Skills

Technical Skills: HTML5, CSS3, JavaScript, React, Next.js, Tailwind CSS, Responsive Web Design, Redux, RESTful APIs, Git, Node.js, Express.js, MongoDB

Soft Skills: Problem Solving, Teamwork, Adaptability
